2022 S.P.S. - SCHOOL MAGAZINE

We would like to take this opportunity to express our heartfelt gratitude and appreciation to all parents for your endless and continuous support in what has been a very challenging year. It has been heart-warming to see the support and love you give to your children by the excellent turnout at open days, as well as sporting events and interviews.

Toward the end of Term 1 there was a nationwide lockdown, due to the spread of the COVID-19 virus. Packages were available for every student for the ensuing weeks. Face to face tuition was maximised for the remainder of the year. Our numbers had diminished but Management and Staff were very happy to greet returning students. Children revised work and commenced the study of new topics including the study of a Commonwealth country in preparation for beautiful and educational displays, performances and cooking. This was showcased for parents and families in the middle of Term III. As a result of the hard work carried out, children attained an enriched knowledge of different cultures around the world. Great happiness and enthusiasm exuded from the children on the day, which was a resounding success.

Toward the end of Term II and Term IV it was deemed safe for children to again participate in sports Tournaments and go on field excursions to a variety of interesting places.

All the wonderful events can be viewed in class magazines. A colourful, vibrant photographic portrayal of the exciting activities of each class can be enjoyed.

Wishing our Samoa Primary families a very happy and especially healthy Christmas and a prosperous New Year.

REMEMBER TO...

My School Gardens

Our school has lots of plants and flowers. There are hibiscus, roses, lilies and "lauti" leaves. The flower gardens are on both sides and the middle of the drive in. We help Leū to weed and clean the weeds.

I like planting the flowering plants so that our school is beautiful and also to bring us fresh air.
