

TUMAMA

O se siosiomaga mama e fiafia tagata e o i ai e manaia foi i le vaai. Afai o le a iai ni malo, e mautinoa le tosina i ai mo maimoaga. O le olaga lenei, pau lea o le manaoga e tatau ona ave iai le faamamafa a tagata uma, o le faamamaina lea o totonu o aiga, nuu, aoga faapea ai ma si o tatou atunuu atoa. O lona uiga e taua tele lo tatou ola i se olaga tumama i aso uma. Aua a ola tumama tagata o se atunuu o se atunuu lea e pito sili ona fiafia ona tagata.

Tusia: Saupo Apelu

FA'AALOALO.

O le fa'aaloalo o se mea e tauleleia ai oe e tagata. Fa'aali lau amio pulea ma lou fa'aaloalo i soo se mea e te alu i ai. E fiafia ai tagata ia te ia pea fa'aali lau amio lelei

Tusia: Pouitao Stowers.

O le amio pulea, filemu ma usitai ma le fa'aaloalo i isi tagata e alofagia ai oe e tagata.

Tusia: Tusitala Leavai.

AIGA SAMOA

O faleaoga muamua lea o le tamaititi. E aoaoina ai amio e silisili ona lelei. Ia fa'aaloalo, usitai ma ava i tagata ae aua le ulavale ma amio leaga. O matua ou uluai faiaoga ia. E te maua ai le 'oa o aoaoga. Na te fa'atonu oe i amio tatau aua e leaga le ola tuufau. O le usitai e alofagia ai oe e tagata.

Petaia Samuelu

Mo'omooga

Ta fia avea ma tama a'au
I le Olimipeka pea sau
Se'i ta'u atu i le lalolagi
O lo'u atunu u e numera tasi
E ui ina iti'iti ma fa'atauvu'a
Ae ua soo le lalolagi i ona tala'aga
Tusa lava pe lei maua se pine apa
Tusia: Brishalom Fa'avae

O le a tumu le atunu u o Falani
Lea o le a latou faafoeina
I le mau tagata Afeleti
Mai i ma o o le Kelope
Aua le saili malo
Pine siliva, apamemea ma le auro
E le mua uma ni va'a.
Toe taumafai i lea tausaga.
Tusia: Byron Lilomaiava

TA'ALOGA O LE OLIMIPEKA

O le olimipeka o se polokalame o ta'aloga ta'uta'ua i le lalolagi. E toatele atunu u sa fa'atasi atu i ai i Pale i Farani. O ta'aloga ia na amata mai i le atunu u o Eleni i le Konetineti o Europa. O le tausaga nei sa faia ai le Olimipeka lona 33 sa talimalo ai le atunu u o Falani. Sa faia i lona laumua o Pale. Sa auai foi Samoa, Fiti ma Toga. O sui ia o le Pasefika.

Tusia: Matimalua Toalima

Alu aso sau aso o lenei olaga. E le mavae pea le matagofie o le siosiomaga ia lelei ona tatou puipuia ma fa'asao. O le soifua lea o tagata uma lava mo nei ma taeao. Ua tele suiga leaga ua i ai le tau. Taofi ma fa'aitiitia le tatuuina o la'au. Galueaina le fanua aua le fanau o le lumanai lea mo aso a sau. Taofi loa le fa'alapisi ma le fa'aaogaina o vailaau.

Tusia: Peruna Tugaga.

TUSITUSIGA FA'ASAMOA

OLA FA'ATULAGA

O le iloa fuafua lelei lo tatou ola faatulaga o se vaega e tatau ona faatauaina e i tatou uma. Aua a tatou ola i se olaga e aunoa ma le fuafua tatau lelei e le manuia foi mea tatou te faia. E matuai ou talisapaia lelei lenei autu aua e aoga i ai tatou le fanau aoga. Aua a fai e le fa'atulaga lelei o tatou taimi e leai foi se taimi mo a tatou meaaoga. Tatou te maua se lumanai manuia pea lelei ona fa'atulaga mea e fai.

Tusia: Iuvale Ateria

POLO TENISI

Tafefe ua ofo lo'u loto
E ma'eu foi ma le popoto
Nai teine ma le tamai polo lapotopoto
Ta i luga, ta ii, ta i o
Simesi mai laia fa'aautafa
I le pate mafolafola e le salafalafa

Tusia: Elenise Ulupano

FAAMAMA LE SIOSIOMAGA

O le siosiomaga o le punavai lea o lo tatou fa'amoemoe e tatau ona tatou taumafai e tausia pea lona lelei atoatoa ma lona matagofie e pei ona fausia ai e le Atua i le amataga. E toatele nisi o i latou ua fa'atamaiaina le matagofie ma le aulelei lanlauava o lo tatou siosiomaga. Ua latou lafoai lapisi i vaitafe ma le sami, susunuina o pepa iila ma tatu'u i lalo laau o le vaomatua

Education seems confusing with so many subjects to learn. However, science stands out because it allows students to turn knowledge into reality through practical experiments and hands on learning. Visiting Imagine Science fuels our curiosity and inspires us; there are simple steps we can take to help us enjoy science. It teaches us to ask questions and understand the world around us.

LOTO ONOSAI.

Amuia se tasi e lava le onosasi, pei o le tagata lea o lopu. O se anavatau taua tele mo matou le fanau aua e iai taimi e tele ai fa'afitauli e fesagai ma i matou le fanau. Ae afai e fa'amausaliina le iai o le loto onosai i o tatou loto, e le pine ona fa'aeaina ai tatou i le lumanai.

Tusia: Fetu Tarko

The primary symbol of the Olympic games is composed of five interlocking rings coloured blue, yellow, black, green and red on a white background. The symbol, known as the Olympic rings, was originally designed in 1912 by Baron Pierre co-founder of the Modern Olympic Games.

By: Roselyn Fung Chen Pen

Originated in Olympia, the city of Greece looks forward to who will win. You'll never see people as talented as the athletes.

Many people competing, people cheering you on, instead of a gold you may win a silver or a bronze. Gold, Silver, Bronze are the medals you can win.

Amazing talent is found at the Olympics. Masters of all kinds of sports and events. Exceptional skills only other athletes have. Strive to be the best.

By: Eleisina Atefi

O: on the track ready to run

L: looking left and right

Y: you're out of breath panting fast

M: making sure you don't come last

P: people cheering you on

I: in the crowd having some fun

C: come on, come on

S: show some drive, we'll win

OLYMPIC RINGS

PARIS OLYMPICS

The Paris Olympics is the 33rd Olympics. It was held in France. Many people went to support their countries in different events. On the 26 July the Opening Ceremony took place. The games went on until 11th of August. Even though Samoa didn't win a medal, we are all still proud of our team.

By: Caitlin Roma

HISTORY OF OLYMPICS

Many years ago, the first Olympic Games was held in Greece. The Greeks arranged this sporting event because they believed that their gods enjoyed these events. In the olden days, each Greek city had its own government and this caused the cities to quarrel and fight with one another but when the games became very important, every city agreed that they would stop violence with one another for six months before the games started. These games were held every four years until the Romans seized the Greek cities in 393 A.D. The Roman Empire stopped the Olympic Games and they were not held for a long period of time until the year 1896.

JUDO

One of the games in the Olympics that I really like is Judo. I actually don't play it, but I enjoy watching it. I like it because it's not boring. Whenever you play it, your body moves and exercises. I wish I knew how to play it but once I watched it, I got an idea of how to play it. Sometimes when I get bored, I practise the moves.

PEFORMING A MAORI DANCE FOR OUR VISITORS

The Poi was used many years ago by the indigenous Maori people of NZ to increase their flexibility and strength in their hands and arms as well as improving coordination. Our Year 6 level performed a Maori dance for our New Zealand visitors. The girls used poi for our Poi dance. We enjoyed dancing with the pois.

HEALTHY LIVING WITH MRS FUATA'I

OUR HEALTH AT SCHOOL

In our school, we are encouraged to have a balanced diet. Every Tuesday and Thursday we have healthy vegetable soup. On Mondays and Fridays we have kokoaraisa. We have sports and music which helps us to learn in a variety of ways to benefit our future.
